OsteoProCare®

Product Name: OsteoProCare® liquid mineral supplement (960 ml)

Characteristics: OsteoProCare[®] is a liquid mineral supplement rich in calcium and vitamin D3. OsteoProCare[®] is formulated using calcium orotate, a highly bioavailable form of calcium, and other minerals necessary to support absorption of calcium.

- Assists in healthy bones, joints, and teeth.
- Maintenance of healthy muscles.
- Maintenance of healthy gums.
- Assists in promoting increased flexibility and bone strength.

BONE HEALTH

JOINT HEALTH

FLEXIBILITY

Calcium:

- Helps to strengthen bone and tissue in children and older adults.
- Supports bone density and may assist in the prevention or treatment of osteoporosis.

Vitamin D3:

 Enhances the efficacy of calcium absorption, so it is important that OsteoProCare[®] contains vitamin D3 to meet this most important requirement.

Glucosamine:

- An amino acid derivative of glucose that appears to play an important role in the formation of connective tissue.
- Can assists in building, maintaining and repairing the cartilage, tendons, ligaments and synovial fluid in the joints.

Chondroitin:

• A glycosaminoglycan that can assist in the formation of joint cartilage.

Magnesium:

- Important for normal bone structure.
- Supports bone strength and bone building and remodeling, and decreases bone resorption.

Minerals:

- Copper is important for maintaining the strength and structure of the bones
- Zinc, copper and boron can assist in the maintenance of normal cartilage.
- Selenium acts as an antioxidant in the body.
- Zinc, chromium, selenium and iron are important in maintaining a healthy immune system.

NUTRIENT SUPPORT

- GLUTEN FREE

- Non-GMO
- NO ARTIFICIAL COLOURING
- NO ARTIFICIAL FLAVOURING
- NO ARTIFICIAL SWEETENERS
- NO ADDED SUGARS

Suggested Use: Drink 2 tbsp. (30 mL) daily, preferably 1 tbsp. in the morning and 1 tbsp. in the evening with food. Shake well before using.

Note: During initial use, if experiencing intestinal cleansing or loose stool, reduce consumption by half and slowly increase to recommended amount.

Storage/shelf life: Store in a cool dry place. DO NOT REFRIGERATE.

Unopened: Shelf stable for 18 months when stored at room temperature, sheltered from light and moisture, and product is kept in its original packaging.

Opened: For best results use within 40 days after opening. Store at room temperature sheltered from light and moisture.
