Body Balance

Product Name: Body Balance (960 mL)

Characteristics:

Nutritional drink made from nutrients from Land and Sea.

Natural, vegetarian-sourced, liquid whole-food formulated with SeaNine™, our proprietary blend of nine wild, sustainably harvested sea vegetables; and certified organically grown and processed Aloe vera.

Cold processed to keep nutrients in their natural state.

- Nutritional powerhouse delivering a broad range of mineral and phytonutrients
- Supports body's core systems
- Promotes wellbeing for the entire family

As the mineral riches of the earth are washed into the oceans and reclaimed by sea vegetation we capture them in our SeaNine blend utilizing all three varieties of red, green, and brown sea vegetables. To protect the over 75 nutrients and 200 active compounds, including 12 vitamins, 20 minerals, and 18 amino acids found in Aloe vera, our inner leaf fillet is carefully harvested and processed.
