REJUVENATE

Our skin is our body's largest organ and can act as both a delivery and exit system for nutrients and impurities. Herbal Body Wrap's proprietary blend of 27 select minerals, herbs, and Aloe vera utilize the skin's excellent absorbency to create a rejuvenating do-it-yourself spa treatment.

Special towels soaked in Herbal Body Wrap's warm mineral solution are wrapped directly upon clean skin, over-wrapped with plastic, and covered further with warm towels and blankets. Then for the next hour, you simply relax and enjoy the soothing and aromatic treatment. When you finally uncover, you may find that your skin has a refreshed, more toned and firmed appearance.

One bottle of Herbal Body Wrap is enough for one treatment. Herbal Body Wrap can also be added to a warm bath for silky smooth skin.
